Dimensions shown are nominal. Block shape and interlocking details may vary; request the details for your order if an exact fit is important.

01 How to choose the right size.

This is the full-size 6-foot block, often called a bin block, mafia block or ecology block. The common 2 x 2 x 6 name refers to the same size: 2 feet wide, 2 feet high and 6 feet long.

02 Quote Process

Send your block quantities, delivery ZIP and preferred date. Let us know how you plan to unload. If you are adding to existing blocks, include photos and measurements so we can check the fit.

Before delivery: Have your unloading provider check the actual block weight and lifting details for the order. These diagrams show size only; they do not show how to lift or stack the blocks.
