QUOTE COMPARISON WORKSHEET

Compare delivered block costs

Put quotes side by side to see what is included and what still needs a price.

Project / delivery ZIP

Block sizes and quantities

ITEM	QUOTE 1	QUOTE 2	QUOTE 3
Seller / quote date			
Full blocks: quantity x unit price			
Half blocks: quantity x unit price			
Custom blocks / other products			
Block subtotal			
Freight / delivery			
Unloading			
Placement, if needed			
Tax and other quoted charges			
Total delivered cost			
Available delivery date			
Payment terms / quote valid until			

Compare the same block sizes, quantities and delivery address. If a charge is missing, mark it **not quoted** and ask for a price before comparing totals.

Cost per block: Divide the delivered total by the quantity only when the quotes cover the same size and type of block. Keep mixed full, half and custom orders itemized.
